### **Library Reading System for College Students: Benefits and Features**

The library committee has suggested to introduce Library reading system for the college students from academic year 2023-24 to mould the students' reading habits and enhance their learning.

This document introduces the library reading system for college students, a new service that allows students to access and borrow books and other materials from the library. The document also describes the benefits and features of the system, and how students can use it effectively.

#### **Benefits of the Library Reading System**

- It encourages curiosity, problem-solving, and innovation. By using the library reading system, students can explore a variety of topics and subjects that suit their interests and preferences.
- It supports reading and literacy. The library reading system promotes a habit and tradition of reading among students. Reading can improve their vocabulary, comprehension, and critical thinking skills.
- It teaches the power of research. The library reading system helps students learn how to research well, using the catalogue and the assistance of librarians. They can find quality reference materials for their academic purposes, and learn how to cite them properly.
- It provides a productive workspace. The library reading system allows students to access and borrow books and other materials from the library and read in the library without necessarily getting the book issued. This saves them time and hassle, and enables them to use the library as a comfortable and quiet place to study.

## **Features of the Library Reading System**

- Students will be issued a library readers card; the card will contain various places where the teacher and the librarian will certify the use of library by students
- The student will be required to go to the library for writing the library assignment for minimum 2 times for each subject during the semester
- Use of online resources is not allowed so as to make the students visit the library for their assignment work and refer the books / magazines / Journals etc...
- Use of Reference books, Text books prescribed in the curriculum and magazine will be promoted
- A copy of the library card is available with the librarian for perusal

## **Tips for Using the Library Reading System**

- Once the library assignment work is assigned to the student, he/she will visit the library for literature survey
- The student will issue the books required for library work and refer the reference books and the magazines as per requirement
- The student will submit a hand written document in form of assignment and answer any questions given to the teacher concerned and get the library card signed.
- Students must write the assignment keeping their originality of work. Any type of copying is not allowed and liable for punishment
- Any shortfall in the assignment work to be completed by the student may attract loss of marks

The library reading system for college students is a great way to make use of the library's resources and benefits. Students are encouraged to try out the system and provide feedback to the library staff.
